“ *Larger than life was my big brother, loving, funny and caring. He loved his family and his country, his cattle and his land. The shoes you left behind are too big to be filled by anyone else. You have been reunited with your son and your mommy, and many other family members who have gone on before. I know you would not want us to grieve for you, for you have obtained the most important thing life everlasting with our Lord Jesus. But you have left such a big hole in our lives and in our families. We didn't see you every day but just knowing you were there was a security to us all. I know your love will last us through our life times, and that one day we will meet again in heaven. I love you, big brother and miss you so much.*

“ *Found out today that you had passed. I hadn't spoken to you in ten years, but you will always have a special place in my heart. You taught me about God, life, and you were my dad when I needed one the most.*

*To the family, I am so sorry for your loss for it is a great one. Will be thinking and praying for you all!*

“ Big Andy was my stepfather and a great one. Even though my mom and him did not stay together him and I always stayed in contact with one another. My son got to meet him and he considered him his cowboy grandfather. I'm will miss you so much! This is a very sad time, and I cannot believe this is real. You had such a big heart and a big presence in life! You now get to be with your son little Andy, and your mama. We love you and will miss you so much!
