“ GG, I'm struggling to even find the words. You've been my number one hero and role model for as long as I can remember. I don't know how I am even half the mother I am today if I hadn't had your support and advice. Zoey sleeps with your quilt every night, forever your biggest fan. I love you so much grandma, and I'm missing you terribly, but I know you're in a better place now and are happier. This isn't goodbye, this is I'll see you later. ❤️🌸
So much love and if we could have just one more for the road, a big hug with a big squeeze! -Natalie and Zoey

“ Mom, words cannot express the loss I am feeling in my heart. You have been the driving force in our family. Holidays were always a joy, watching you and the grandkids interacting. You gave me my appreciation for orchids and every time I look at mine, I see you tending to yours. I love you and miss you. Hal
