“ *Though I knew her for just a few years, Mrs. Anderson was always kind to me and served as a good example to others. She had many virtues and I'm sorry she is gone. I hope her passing was gentle and I hope to see her again in the Lord's eternity.*

*I wish her family well.*

“ *Sincere sympathy to Ruth and family. Heaven has called a special angel home.*

*Anna has always been special to my mother and me. Anna and my mother were close friends for many years in Bonifay. I came to know Anna so well that I called her by her first name instead of Mrs. Anderson. Harry and Ruth live close enough to me that we would take turns driving to and from Bonifay so that Anna and Mother could come down for holidays and visits with their families. I can see Anna and my mom having a great time together again...this time with no ailments to slow them down.*

*With love to all of you,*

*Paul*
