“ Leona, It is great sadness that I heard about your mother's passing. We started out many years ago where I was a much younger ED doc and Arlene was the best Xray Tech I ever worked with. I used to affectionately call her "Sarge" and was a pleasure to know and work with. I was happy to call her my friend and will miss her. God bless you and your family. JDB

“ I miss Arlene. She was my guardian and my right hand person. She looked after me as a mother looking after the wellbeing of her child. She even made sure that I had not forgotten to eat. She kept up with my schedule better than I did. She worked hard every day. She gave it her all. Selfishly I wish that she was still here. However, I know that when God invites us back it is a privilege. I know that she has a special place with God. God is now rewarding her for all of those years that she served humanity.
