“ I have been friends with her oldest child, Rick, for almost 60 years. She was a sweet, kind, delightful woman. She was always pleasant when I visited their home. Always. She had an endearing sense of innocence and joyfulness, wearing a beautiful smile, despite our best efforts to drive her crazy. She really was a wonderful human being. She really was, and an outstanding, terrific mom. She loved her kids.

“ I had the privilege of knowing this amazing lady! My Mom, Audrey, Janne and I would go out on Mother's Day weekend for lunch. It was a special time, which we all enjoyed very much. Janne, you took amazing care of your Mom! May you all find peace in your hearts, knowing she had a well lived life!
