“ *Audy was such an awesome person! I spent every day for seven years looking at her across the hall from me. We spent countless hours telling stories from our weekends, having show and tell, trying to figure out why Lt. Beck's Spiderman screensaver was locking up the computers again, talking about family and friends, she listened to me whine - a lot - about some really not-so-important-anymore things, venting about the latest Windows updates or whatever technology was being forced upon us, oohing and ahhhhing about the most recent staff baby pictures, talking about her cats, talking about her Jimmy, and a myriad of other things. Audy always had an ear to listen and gave me some really good advice, whether I liked it or not. She was straightforward and you always knew where you stood with her. She was extremely intelligent and you could always ask her for help without feeling like a bother. She loved her families - both blood and blue - immensely and you could hear the pride whenever she spoke of them. She was a warm, caring, and giving woman and an awesome friend, and will be greatly missed by so very many!*

*Till we meet again, Audy...*

*My condolences to all of the family...*

“ Audrey was like a mom to me. I began my career as a police officer very young at the Mt. Dora Police Department. She was so kind to me. We would talk out at the picnic table next to the police department on 3rd Avenue. I was there when she met Jimmy and he gave her beautiful earrings. She lit up around him. I was even invited to her home for her Christmas Party.

*She was loved by so many especially me and will be missed tremendously.*
