

Austin Teeter

June 4, 1981 - September 29, 2025

Austin Teeter, born June 4, 1981, and passed away on September 29, 2025, at the age of 44. Raised in Lady Lake, Florida, and a longtime resident of Sanford, Florida, Austin's life was marked by a deep devotion to his family. Soon after graduating from Belleview High School, Austin met the love of his life, Ashley Teeter, and together they started a life & family. He had a natural gift of sales, and supported his family through his successful career in billboard advertising, where his energy and determination set him apart. His entrepreneurial spirit eventually led him to start his own company, Epic Media, which became a reflection of his drive and vision. He graduated from the University of Central Florida with a degree in Business & Marketing. He loved spending time in nature, especially riverside at his parents' home, playing music loudly to set a joyful atmosphere at home, playing the guitar, and taking his family on trips. He had a playful spirit that brought laughter to every gathering. Austin's ability to express his love through his words, his unwavering devotion to provide for his family, and going totally crazy with gifts for each holiday, or just because, provide the most beautiful memories to cherish.

He leaves behind his wife, Ashley; his daughter, Ashlin (23); his sons, Tristan (20) and Weston (2); and his mother, Susie. He is preceded in death by his father, Greg.

“ Today, I thought of one of the kindest people I knew from my professional career, Austin Teeter, and was so saddened to learn of his very recent passing. When I first started at Viacom Outdoor in 2002, my first real job out of UF, me and Austin were the newer salesman learning the craft and we instantly hit it off. He had an amazing energy, he was so welcoming, so friendly, always asking me how I was doing and how he could help. I have held the fondest memories of him ever since, even though our time working together was so brief. I knew he would be a very successful businessman one day and of course that is exactly what I saw happen when I would periodically check in on him. The world doesn't have many people like Austin, so this is a great loss for so many, but now he is a gift for God. For me, a person who only had a few years to spend with him before leaving that job, I very much wish I could hear him say "Hey Todd, how are you buddy?" just one more time. I so wish I had reached out sooner so I could have caught up with him. Thoughts, prayers and deepest condolences from the Thompson family in Washington D.C. (formerly of Longwood, FL).
