“ Hello Ike, so sorry to hear that Barbara has left us so soon. I met you both about 11 years ago at Catfish Johnny's where Randy and I were cooks. I enjoyed having many conversations with you and Barb. I did not know her real well, but well enough to enjoy the company of you both. I also still have the Budwieser bottle you gave to me that is a lighter. My deepest sympathy goes out to you and your loved ones at this time. God bless you and your family.
