“ *Bob,
Barb was wonderful person and will be forever missed. Gary and I send our sincerest sympathy to you and your family. We know this is a challenging time and are here to support you.*

I have many memories of Barb. Only a few are: I enjoyed our backyard chats, bringing her dandelions from the organic farm for her brother and generally discussing politics. You both were very kind to us when we first moved in and I will always remember that kindness.

I was so glad to see and talk with her after her treatments and the picture you shared as she was healing will always be with me. She looked so pretty.

Love from your backyard neighbor, Carolyn
