“ I had the priviledge of being Barry's housemother at the Florida State School in St.Augustine, What a joy to know Barry and his mother and father. I am saddened by his death because I just had not thought of these precious little boys dying before me. My love and prayers to his family.

“ As a friend of Barry, his family, his friends and his extended musician family, my condolences. As he might say his "cruise" is over and he is in a better place now. I will miss him.

“ Barry was like a brother to me, I will miss him alot, It was a pleasure to know a man, like him, that did not ever let his blindness stand in the way of whatever he wanted. You are gone, but not forgotten. Thank you Mark and Penny for all that you did to help him.
