“ *Dear Leslie: Although we have never met we want to convey our deepest sympathy for losing Barry to you. We have been reading about him and we see he was quite a guy! His faith in God, his love of fishing, a successful business man and his accomplishment of being a plumbing engineer. He lived a wonderful life with you by his side.*

*I remember him when we were young and the many christmas parties we had at my Aunt Stella & Uncle Frank's. I remember him as a cousin who was a lot of fun and always had a great smile on hi face. May he rest in peace and may you grieve in these next days peacefully and remembering all the memories the two of you made together. God Bless*
