“ Ben and Win were the first friends we made when we moved to "The Mountain" as Win liked to call it, in 2004. We had many great times together and Ben remained a close friend after they left the mountain. He would come back to visit us and we would visit him in Florida. I tried calling him to wish him a happy birthday this year and the cell phone number I had did not work. So I searched for his obituary and sadly, found it. We would like to add our condolences to his family and tell them we loved Ben very much and will always cherish the memories we have of him. God bless all of you.
