“ *Amazing woman. My sincere condolences to her family left behind. She always made me feel welcome and like I belonged to her family, as well. It is my pleasure to have known her and my blessing to have enjoyed her company and many conversations that usually lasted to the wee hours of the morning. Rest well sweet lady!*

“ *We are very sorry for your loss. We will be praying for comfort and strength for all of you. We know how much you will miss her. I hate that we never got to sit down together to sort out all the family ties with Thompsons and Harrells and who knows what other ancestors and kin we shared. The rest of us will still have to do that one day. Love you all.*
