DF

“ My heartfelt condolences to Betty's family in your loss. Betty and I have been friends for about 11 years. What a kindhearted soul she is, and how she loves Jesus. We spent many hours talking on the phone and in person about the Lord, praying for our families, and situations we were dealing with in life. I know how very much Betty loved her family, it was all she ever talked about. You were a light of inspiration and a wonderful prayer partner to me Betty. We shared so many things, including our love for hummingbirds. You will be missed my sweet friend, but I take joy in knowing, without a shadow of doubt, that you are in heaven with the Lord you love so much, free from all pain, and dancing on streets of gold, and asking Him "what took you so long?"

“ You are in my thoughts, my heart and my prayers...may hope find it's way to your heart. And may God's love make your grief bearable. Betty was such a loving person, so caring and wonderful to have for a friend. I'll miss her because she cared so much and was a always giving of herself. Bless you all!
