“ I will always remember the fun I had when spending time with you. I remember those late nights at the laundromat? You always were a night owl. You were always filled with so much laughter and were so much fun to be around. When you were in Millville, I remember spending more time at your house than I did at home. When you moved away which was so long ago, I can't begin to say how much I missed you. You were like a second mom to me. Even though we didn't see each other very much, I still thought of you often and missed you more than you know. I am so sorry I didn't get to see you before your journey into a new and peaceful life. But I will remember all of the energy and laughter you shared with me and everyone around you. ALL MY LOVE FOREVER SUE

“ *The day you died I lost My Mom and my best friend I miss talking to you every day . If you were having fun you would call if you were sad or mad you would call me if you were scared at night you would call sometimes I would fall asleep with you talking you would say are you listening to me ?Yes Mom I am listening to you I hear every word you have ever told me . I am still listening you said you would send me signs . When I pulled up in the yard in Georgia after you died there were over a thousnd lady bugs on my porch they covered me and every one else the only other time there were a thousand lady bugs is when Peggy died they are a comforting bug you and I talked about the fact that they were a sign that things would be okay. When Becca and the kids came home they could not believe it but Becca said Mom-Mom told me she would send yellow butterflies with in a few minutes there was the yellow butterfly. I am so glad that you held on for 6 months I treasured each day that I could talk to you and the memories we made . You stayed up all night at the casino no matter how bad you felt , Rebecca pushed you so fast in the wheel chair you screamed and I laughed so hard I couldn't walk , most of all I am so glad I could be there when you died and see how peaceful you were you truly were ready and fearless and looking forward to going you toldme that Jesus suffeed for us so you didn't mind suffering to . you suffered so much for your children and gave us so many happy times I am so glad you loved me unconditionally as I do you we will have so much to catch up on when I get there .I know you are just a prayer away. Love Donna*
