“ *I sure will miss my para-sailing buddy and all the many good times we had together. She was a wonderful step mom to me, step mother in law to Denny and grandmother to Brett. No one but Betty could talk me into flying through the sky. To think that she was 81 at the time! Our loss is heaven's gain. Over the years we had many laughs. Betty was fun, fun, fun and now she is having fun in heaven.*

“ I couldn't have asked for a more loving, wonderful and caring person to have as my Grandmother. I have so many wonderful memories of her that I could literally write a book. Maybe I will someday. Though she may be gone her memory will live on in my daughter, Emily Louise Williams. There isn't a day that goes by that I don't see Emily saying or doing something that reminds of Grandma. She's such a joy and Grandma loved her so much!!! Though she may be gone from us I can't wait for the day that I'll see her again in Heaven. Rest in peace Grandma and I can't wait to see you again. Please have the pecan pie and Skipo game waiting!!!

“ My deepest sympathy to Mac and Family. I have so many fond memories of Betty. Always with a smile and laugh. I think she taught Mom to make the world's best Potatoe Salad - and simple apple pie! I remember the Tripoly games when Linda came into town and so many more. Couldn't have asked for any better neighbors to grow up with than Betty and Mac.

“ Betty had such a young spirit. We had wonderful visits in Maryland and South Carolina with Uncle Mac & Aunt Betty. She taught Kathy & Carolyn that making jam is fun, which they still enjoy doing. Aunt Betty was always ready for a new adventure, we will keep her in our thoughts and remember to share our talents and have a little fun every day. Our prayers and love are with you Uncle Mac.

“ Betty was such a wonderful person, and will be remembered so fondly - there couldn't have been a better neighbor. I'll always remember game nights at her house, and will think of her every time I make apple pie with her recipe - "Simple Apple Pie that Any Simpleton can Make". All our children have been rocked in the rocking chair she gave us (we still have it!), and we used an artificial Christmas tree she gave us until about 3 or 4 years ago. Doug will miss his birthday card from her (he has the same birthday as George). I can still hear her yelling to Mac (on the dock) from the house....She will be remembered often, and fondly.
