“ Beverly was special. She contributed many of her talents to the betterment of the Hendry County School District over a long and sometime challenging career. She had an inside look at what a school system should and could be. I have nothing but fond memories our shared time and know she will be missed by many she worked with over the years.

One memory that makes me smile was a basketball game that we attended. I was a big fan of Duke University basketball and Beverly's Brittany shared an affinity for the Blue Devils. I would attend the FSU/Duke game annually. We came up with a plan where Beverly and Brittany would join Joyce and I for a game in Tallahassee. Our tickets were complimentary of a super FSU fan so of course our seats were right among some of FSU's finest. Unbeknownst to us Brittany had worn a blue Duke tee under her jacket which she chose to reveal when we got to the civic center. Of course the FSU fans and Brittany exchanged some good hand signals. We all had a good time and the game was close to the end.
