“ June 10, 2010 Virginia, I extend my deepest condolences to you and your family on your loss. Billy was a memorable individual, who will be remembered by all of those who had the pleasure and opportunity to have been associated with him throughout the years. We, of the Poker Group, enjoyed his wit and friendliness each week at our Tuesday game. He was always there to do what he could to bring others into the group, and make the night more enjoyable for all of us who participated. Let me assure you, that although he has passed on, he will continue to live on in the memory of all of those who had the good fortune to have come in contact with him during his life here on earth. Unfortunately, I am unable to join you and your family this evening at the Wake Service. However, let me again extend my deepest condolences to you and your family. I will pray in acknowledgement of your loss, and thank God that I was one of the fortunate ones to have known, and shared a part of my life with Billy, truly a man to be admired. Sincerely, Saul Truskin

“ Please accept my condolence at the loss of Bill. I have great memories of him in past years, our time at Tech, the golf games with him that I enjoyed so much. I know if Frances (sister) was still alive she would join me in this time of grief. I pray, Virginia that you and the family will remain close during this time of loss. You can be sure that Lorinda and I will keep you in our prayers. Love, Jack
