“ As a child I lived close to Mr. Carl's family. I have known him all my life and he has always been a very special man. When he moved back to West Green a couple of years ago he had a house close to my son and family. He stopped by and visited with my family frequently. My grandson, Kristian, got really close to Mr. Carl. They developed a special bond. He was another grandpa for Kristian. We will never forget his friendship. We love you Mr. Carl and will see you again one day.
