“ *Uncle Gene has been my favorite Unc since I was a little girl. We shared a wonderful relationship thru the years. His love for my Mom (his sister Betty) was a very strong love between two siblings with Betty being the oldest of the Walter children and Gene being the youngest. We have fond memories of having an annual lunch with Gene, Pat and Betty meeting at Newicks Lobster House in New Hampshire for a number years until the summer of 2011. This was the last visit when Gene and Betty had a wonderful chat and was the last time they saw each other. Betty passed August 19, 2013. Unc played a mean violin and fiddle with a passion for his music. We will miss him, his love, his music and the song he always had in his heart for all of us - his family and friends. Rest in Peace Unc!! ❤️

“ How can I say this my father meant the world to me it doesn't matter where I am he is always in my heart. We had some of our best times later in life, yet there were also good times when I was young. I always remember him playing the Green Hornet song when I was young. The times we went camping and dad would drive back and forth to work so we could have a good summer. I remember when the union were on strike and we had to stand in line for Christmas. I remember him coming overseas to Germany to see me and Tim one here we had nothing in the house best Christmas ever just being together. I remember me teaching me how to the grass and teaching my work ethic. I was there to celebrate things went well. He was there when things went wrong. I learned how to be a good father from my dad that love is an conditional. He always believed in even when I could not believe in myself he was there for it all. God bless I know he is looking down proud of the man, I have become, love you always your loving Daniel!

“ I Give You This One Thought I give you this one thought to keep I am with you still - I do not sleep. I am a thousand winds that blow, I am the diamond glints on snow, I am the sunlight on ripened grain, I am the gentle autumn rain. When you awaken in the morning's hush, I am the swift, uplifting rush of quiet birds in circled flight. I am the soft stars that shine at night. Do not think of me as gone - I am with you still - in each new dawn. - See more at: <http://www.prayers-for-special-help.com/native-american-prayers.html#sthash.vzhV2YEt.dpuf>
