

Carson Daniel Chiariello

May 27, 1999 - October 27, 2020

Carson Daniel Chiariello was born on May 27, 1999 and died at the tender age of 21 on October 27, 2020. He was loved by his parents, Ashley Chiariello and Jon Chiariello as well as his darling Lily Shore and precious little son, Landry Graham Chiariello who calls him 'DaDa'. His grandparents, Dan and Ann McCormick, hold him in their hearts. He leaves behind his brothers Aidan and Collin as well as his sisters Ashley Ford and Sarah Stoe. He will be remembered most of all for his ridiculously sarcastic sense of humor, his love of football and fishing and his appreciation for the great outdoors. He loved music and had a wide range of appreciation from Hank Williams Jr to mixing rap for local artists. He had a heart for people and animals, as well as his dog Oatey. He was a gifted welder but didn't love it. He would want all of us to laugh, eat good food (though not necessarily brussel sprouts) and otherwise, take care of ourselves and each other. Rest in Power, Carson. You are finally at peace.
