“ *Kathy, RedWolf was a good man and he will be missed my not just me but by everyone who knew him. He has left a permanent tattoo on my heart. He was not only my friend by my brother also. The conversations we had will be with me forever. I love you and if you need me just call.*

“ *My Big Brother: I will miss you so very much, but my heart says you are in a much better place. The angels will watch over you, and you will feel no more pain! For that I am thrilled. As for missing you--Oh will I ever. I won't hear "my baby sister" from you again. You have left us all too too soon. Can I wish you back? For selfish reasons, I can. But for you--no I can't. But how I long to hear your voice say "my baby sister" again. and feel those big hugs from you. My big brother, I love you so much and will miss you until we see each other again. Oh yes one more thing--As if I have to tell you----Keep the angels on their toes!! Your "baby sister" Patricia*

“ Well big brother when you were teaching me how to climb that tree in grandma Watters back yard i never figured I'd be saying good bye to you like this. That house holds alot of memories for you and me that I will cherish for the rest of my life.We had our good times and a few bad times but you were always my big brother.Now you are with grandpa and grandma and mom and dad and wimp and Cecil and Seth and you no longer are in pain.Some day we will all be together again,and we can relive all those memories and stories but some of them we can't tell in front of the grown ups,like being followed down at back road one night,and it was just John Kerr.We had some times.I will miss you. Utill we are all together again LOVE your little sister Lu Lu you like me?
