“ I still think of you chelsey and how you impacted my life for the better. I may have only known you for a little bit but that doesnt change how i feel. Woulda done this on the year mark but i was remembering your smile and outgoing attitude. Still seems unreal your gone but im glad your not in pain. Fly high beautiful.

“ My deepest condolences to Chelsey's family and especially to her two young sons. I was a fairly good friend of hers and no longer live in the area. To hear of her passing was devastating! I pray for comfort for her children and justice to the person that was driving. Whom may also be a friend.. You were robbed of a beautiful life too early. I think about you every single day since the accident and seat belts are priority now. I still can't wrap my head around it. A terrible tragedy that you didn't deserve. Don't worry child, Heaven has a plan for you! Fly high, Angel.
