“ *I have a lot of memories with my sister, there is literally way to many to count. Some of my favorite though would be my first time at Cowboys with her and 2 of our friends. Getting to share the special moment of getting to live out a dream together and being pregnant together. Cheyenne was my absolute best friend and I NEVER thought I would see a day where I did not have her by my side. Since she has been there has been some things that I so badly wanted to jus to pick up the phone and call her and tell her all about it.. I hate that she will never be just a phone call away. It kills me every day knowing that when I wake up I can't text her and ask if she is up and atomically knowing that if she is I'm going to receive a facetime call from her. I miss my sissy so much and there isn't a day that goes by that she is not on my mind. I love you and I miss you sissy so so so much!!! I hope your giving heaven some hell for me. RIP My Beautiful Angel!!! Cheyenne Marie you are gone but you will NEVER be forgotten!!!!*
