“ Dad, There's a special gift that you've given to me. When I think of you I think of the laughs we had and the tears we shared. There is a special kind of caring that is meant for you alone. There is a special place in my heart that only you own. I love you, dad!

“ I met Paul and Pat while I was a temp. manage at Blueberry Hill. Paul worked on the property and so did Pat. We got close very quickly and instantly fell in love with them both. Paul was always so helpful and just a joy to be around. It has been many years since I have seen them. But my love for them will always be with me. The one thing that was noticeable was his love for Pat and her love for him. She always had a twinkle in her eyes when Paul was around. That kind of love is so rare. I will love you both always. <3 Terri Passaro
