“ Connie made such an impact on my young life! I can remember sitting on the fence straddle of my great aunt's property waiting to see that green Gremlin come down Fore Road. She taught me everything I know about horsemanship, something I held on to as my daughters began their own horse adventures. I was always amazed that, as a high school student, she was patient with all us rag-tag elementary kids around the barn. I know she's riding horses in heaven...

“ I remember working at Connie's dad's gas station in the summer to get money to rent horses and go horseback riding. This was back when you could not pump your own gas...needless to say, we made a lot of tips!

Connie then had her own horse that we would both ride on every weekend. I wanted my own horse, but we lived in town and could not afford to board a horse. I finally got my first horse when I was 40 years old! It was a beautiful Appaloosa named "Pepper". Thanks to Connie, I knew how to take care of the horse and never will forget our experiences riding..and there were a few!

I will miss her dearly, especially because we talked often about getting together recently.

I will never forget you...

“ *I work many years with Connie, and she always made me feel so good about myself. She was a very good teacher in Mentor to many children. She had such a big heart not only for animals but for people and is always there for them when they needed her. She will be sorely missed. I pray for her family, particularly her son in his time of grief. I pray the Lord, gives her family and son great comfort.*
