“ Dear Waterstreet Family - over the years I've often thought about your family. The last we heard you were in CA, but that was decades ago. I just stumbled onto this obituary - more than a decade late and was so sad to hear of Doug's passing. I'm sure you don't remember me, but I remember you. The Waterstreets were the best neighbors ever - kind, loving & unassuming. I was a young child then, part of a big, noisy family that lived next store to them - back in the early 1960's, in WNY. They were the kind of caring, thoughtful people who would invite me - a small child - for dinner at their home on my birthday and let ME choose the menu. They helped my parents find resources to reduce their huge medical bills. We still have the furniture they gave us when they moved (!). And there was so much more. Such a wonderful family. Sending the family love and best wishes.

“ Margaret and family, Ron knew Doug through the Harbor Hills Computer Club. Doug attended every meeting until recently. He was absolutely fascinated with new technology and was determined, as we Computer Club members are, to keep up with the latest miracles of communications and computational technology. Doug was a loving, sharing man and did not hesitate to share his knowledge and was not reluctant to question club members about new technology. We dearly loved Doug and know he is with His Lord and Our Savior using Heaven's technology (beyond our imagination) to watch over we who loves him and whom he loves. Hiroko and Ron Snare
