“ I am saddened to hear of Dan's passing.I worked with him for several years in surgery. When I had my own surgery, he comforted me and assured me he was going to take good care of me....because he knows that nurses make the worst patients. He was a credit to the medical field and a joy to work with. Love and comfort to Dan's family.

“ I served as charge RN, staff RN, manager of LRMC ER where I encountered Dan in his role as an RN. I called him 'Big D". We mentored each other. I provided nursing experiences for him to grow in his professional role as an RN which later added to his new responsibilities at LCJ. Through the years, we kept up with each other and I looked to him for professional advice. I did always consider him a friend. I will always have fond memories of his presence, sarcasm, and his wealth of wisdom. To the family, I share in your loss and pray that you will be at peace, knowing he is no longer in pain and he is now disease free. God bless you and keep you safe . RIP Dan.
