“ I’ve known Danielle since she was a baby. She was my shadow as we were all growing up. I remember going over to her house almost every Sunday just to do her hair because she had the most beautiful hair and she would let me do whatever I wanted to it. She had the most beautiful singing voice, and I love to listen to her sing. My childhood and teen years are filled with memories with her and all of her friends as we all grew up together. She is truly going to be missed. We love you, Dannielle
