“ *My deepest sympathy to the family. Elvis always had a smile on his face. I only knew him briefly, but in that time, I became his friend. May God grant him eternal peace back home in Heaven. Till we meet again...*

“ *That heartbreaking news, came last Thursday to all of us. The Angels however, are rejoicing! Elvis & I were "fixtures" @ Panera bread (Spanish Springs) for 6 years. We had some pretty intense conversations about music, motorcycles, cars, & electronics. I consider it a privilege to call him my friend, he will be sorely missed. Is there a service planned for the Villages? I offer my sincere condolences to Elvis' family.*

“ I grew up with Daryl 'Taz' Priestley, went through school with him and hung out through much of his early adult life - he is another of our original band of brothers lost to us. He and Linny are makin' music somewhere. God's speed old friend.
