“ Nancy and Family, As President of The Hangars Club and, personally, I want to express sincere sympathy for your loss of David. He was one our faithful club members-especially in the parade group-which causes me and the club to acutely miss him. I wish you the comfort that friends family and faith provide, and my faith tells me that you will be comforted. Lou

“ The Henderson Family, I want the family to know David was a great person and supporter of the recreation department. I have known Dave for several years from my early start here. He and I played many a game of table tennis and other supports. He was always so postive and welcoming of this young buck right out of college. He also made me feel good and I enjoyed seeing him everytime. I am going to miss him but he left a great postive impression on my life. John
