“ *Mr Hillhouse lived two doors down from us in 1968. He was mowing his lawn when he heard me scream when I broke my leg. He immediately ran up the hill, told my mom not to move me and made a splint for my leg. He then placed me in the back of his station wagon and drove us to the hospital. He said that he knew by my scream that I had broken something. Very kind man and then became our principal at Center Twp. He did a lot of running that day up and down the hill between our houses. I remember seeing him run. God bless Sue and family.*

“ *Mr. Hillhouse was an amazing man. He knew every students name, something special about each of us and listened to us all. He shaped many things in my childhood with little caring moments in time. Prayers for the family.*

“ *He was so kind and patient with me. I struggled with math and he spent time after school with me. My thoughts and prayers with the Hillhouse family.*

“ My first memory of Mr. Hillhouse was in 1975, the first day of Kindergarten for me. When the day ended my teacher took a group of classmates to the buses by the gym and told our group she would be back to take us to the second location. Well, the wait seemed forever and I felt I was left behind. Naturally I began to cry. Principal Hillhouse was walking past and came in and waited with me until my teacher returned. I will always remember this kind gesture. My sympathies to all of his family.
