“ *So many memories of childhood focus around the times I shared with you during the summer months. Whether it was the first time you permed my hair, or getting in trouble for swirling on the red and white chairs in your kitchen. Playing pool, sleeping in the dark carpet room, sitting in your hot tub! Doing Richard Simmons videos and drinking diet coke...you were one fine grandma! As time moved on from childhood to adulthood distance kept us apart and when my daddy went to heaven it seems like phone calls were even less frequent. But...I never forget your advice you gave me through the years. I love you grandma! I hope you are now reunited with my dad, your son and my grand pap. You will be missed! Rest in peace sweet grandma. Love always, Your granddaughter Misty Gay-Marshall, Dave, and your great grandchildren Jacob, Joseph, Joshua, Jelena, and Jayden*
