“ *My brother CJ and I hung out with Denis, Karen and Randy for many years as my parents were great friends with them. We stayed at the beach together so many times and Denis would open the doors to his van and blast music and we cruised up and down the beach. Our families spent many BBQ's together at their house swimming in their pool. Meeting up for wings and singing karaoke was also a favorite time of mine. That's my favorite memory of Denis. Singing "Taking Care of Business" at the wing restaurant. He always sang that song. I have so many wonderful memories of Denis's kindness, laughter and smile. Thank you Denis!*
Love,
