“ *My Sweet Queenie Jeannie and Family..  
I feel completely overwhelmed to have just received the news about  
Dennis, my sweet friend, co-worker.. I only wish I knew sooner to be  
there to give you that big hug you need right now...Dennis was  
always there for everyone else. To help everyone else.. He was  
such a positive influence in so many lives , a friend to so many, he  
gave a smile to those who needed one, this is a friend who will  
never be forgotten and who will be truly missed.. Love you both,
