WS

“ Dennis and Frances are 2 of the people we miss, not being in Florida for the first time in 7 years. It was with deep sadness we learned of Dennis's passing. Though he got around on a powered trike, he never hesitated to give a helping hand. Loved the pictures he took and was glad to share. May the Lord comfort the family and God rest his soul.

We were on the same street at Blueberry Hill RV Resort in Bushnell on lot 314

“ It's always difficult to say goodbye to friends, whether you just see them once every 5 years or they are close by that you can talk to them more often. Dennis was my classmate, and I have good memories of the fellowship we shared throughout the years. My condolences to Dennis's family, and rest assured that he is in God's hands, rejoicing in the glory of eternal life.

“ The world lost a true good guy. This man would give you the shirt off of his back. I would say it was a true pleasure to meet and know Dennis. We have good memories of him.
