“ *Such a lifetime of memories beginning from our first grade. Most of them from our younger yrs-school events, church choir and youth group, trips to Rock Springs. Our personal contacts lessened when I moved to New England; however, we got together many times when I returned to FL to visit family. Over the years we supplemented these times with emails, texts and phone calls. At this time I feel our time together was too short, but know that you are Peace and Pain Free in your God's hands and with loved ones who have passed*

“ Jason and family;

*Your mother was the most beautiful and sweetest person in our high school class. I had a crush on her from the day I meet her. She knew it and tolerated me until I finally started to date someone else. For a little time I also worked with your uncle Paul and hung out with him. From what I saw during my school years with your mother was an angel on earth. Seeing her picture brings back a lot of great memories.*

*Sincerely, Don St John*
