“ We just learned from Don's son that Don had passed away. We were his across-the-street neighbors for several years and loved playing cards into the wee hours of the morning with him and Charlotte. We are so sorry for his loss.

“ Always difficult to hear this sad news about one who was such a good buddy from 1st grade through high school graduation in Livingston. So much fun in classes together, basketball games especially on the bus for those away games and summers hanging out on top of the hill at the softball field! Donald, like Darrell, was gifted in the area of math and was much loved by Mr. Holbrook! He helped us all handle those difficult math classes. I believe he was the youngest in the family and I'm sure much loved by all. Warm thoughts to all of his family.
