“ *My heart goes out to the family of Mr. Newman. He was a special person I knew most of my life, as well as a patient of mine that always had a big smile and a joke for me every time I saw him in the office. It is surreal that I just saw him this past Wednesday. I will miss him dearly.* ”

“ *On behalf of my staff and myself in the Dental Department at Thomas E. Langley Medical Center, I would like to extend my sincere condolences to Donald's family and friends. He had such a great sense of humor and a kind heart. He spoke often of his wife and family and how much they meant to him. We will miss his smile and laugh. If there are any public services planned, please notify me. Sincerely, Dr. Julie Vavruska* ”
