“ i wish to express my sincere sympathies to dear Claudette and the rest of Don's family at the time of Don's passing. I'm very sorry and I hope you all will be comforted by great memories of him. I'm happy he was part of my life-especially my childhood and adolescence. I will remember how consistently he greeted me with kindness and acceptance. He often told me I was a special kid and that always made me feel great. I'll remember forever coming home from school each day and meeting Don and my Dad in the living room of our home just before they left for work at BIW for a second shift duty-- watching cartoons and smoking cigarettes! I'm so glad I got a chance to see Don and Claudette in a recent trip to Florida 2011.

“ I spent a lot of time with Don at BIW between working and riding with me. He always had a joke or story to share. He has touched lives that some of you don't know about. One of which was mine. I thought of him often after he retired fond memories they are. Peace be with you all family and friends especially Claudette Love Terry and David
