“ Wolf, always enjoyed sitting and chatting with you and Stacy. You were a special person and you gave and received respect. You were a confident and kind person and the world will be less without your presence. Hope to meet up and ride with you on the other side.

“*May Wolf R.I.P...a good Brother, & a great friend!! I remember first talking with him online & he promised to carry a certain patch with him in his bag to hand to me the first time we'd meet face to face. Sure enough, the very first time we met he pulled out that patch and handed it to me. I was honored & humbled. He will never be forgotten for all the good he had done in his County for many needy organizations. R.I.P. WOLF!!!! Big love to you & RESPECTS ALWAYS. Syko*

“ Ride hard brother. I was glad to have you as a neighbor, and to have you do the tile, floor, and tractor work for me just a few weeks ago, little did I know that would be the last I saw of you. And you had just said how happy you were with everything in your life the first time in awhile. Makes a person stop and think. Words can't say how much you will be missed. God must have needed a tile man I guess. God bless you brother.
