“ To my mother from another mother :-) Donna the void you leave is grand, but the one you filled was grander. Your humor was contagious and your williness to give was priceless. You will always be remembered and my joy is that you are in a better place. Now, get those Angels to cleaning the way you do! Always my love, Camille

“ Thank you mom for giving all of us laughter and love; support, hope, and the power to never give up. Your love for others were immeasurable. Your gift for giving cannot be matched. Your love for your K-9's and your compassion to share them with the sick and needy was commendable. Mom, I will miss our memories of stuffing macaroni shells at the last minute for Christmas dinner. It will bring smiles to my face forever. Thank you for being you and allowing me to share your life with you. I am so very relieved that you are at peace and pain-free now. Your are with the Angels looking down on us to do the right thing. Thank you for loving all of us. I will see you again. I will miss youlove Judy
