“Doris had the most beautiful smile, and an outgoing personality. When you saw that smile, you just had to feel joy in your heart. I came to know Doris when she was a resident at The Villages Rehab and Nursing facility for therapy. My mother is a long term resident there, and Doris took to mom. Mom has short term memory loss, so when Doris returned for another round of therapy, mom didn't remember her. That didn't stop Doris. Even though this time she was on a different hall, she would see my mom, and they would both smile, and light up. God bless the family. You had a beautiful mom, inside and out.
