“*I hope you came to know one of the world best laughter. She could laugh so hard that the mood of a room could be lightened by the very sound of her. In time I will forget many things but NEVER this contagious creator of laughter and goodwill.*

“*We will surely miss Dottie and her smile and friendly ways. The Compostos were the best next door neighbors we could have asked for and it is a great loss for all of us.*

“ Rather than a singular photo of Dotty, we picked this one because she would have preferred it, that she would be remembered beside her beloved Skeets. What a blessing they have been to our lives. When I look up to the heavens, I'll remember and think - "Perhaps they are not only stars, but rather openings in heaven where our dear friends shine down to let us know they are happy.....honoring a beautiful memory, celebrating a gracious spirit, remembering a wonderful life.....your friend, nana linda

“ I am so sad. I knew all of them as they lived across the street from me when i was growing up in Lindenhurst New York and Donna Marie her daughter was my best friend in the whole world who i miss everyday. I loved Dotty and Joe very much as they also were a big part of my life. Now they are all together in love
