“ Nana I miss you so much and I want you to know that I did what I promised I was by your side til the end and I want you to know that we will meet again and that you gave it your all and I love you. One of greats things you instill in me is to follow Jesus Christ and to always sing his praises I remember going to church with you and grandpa and you would ask brother Williams to let me sing and u and grandpa would just cry with joy and sometimes Papaw would get spirit and shout a little. But i promise you this I will never stop singing God praise and I will promise you this I will meet you in morning just inside those Eastern gates over there. So go enjoy Haven gave Papaw and James a huge for me and don't worry I will be there soon and by way I will be there for that supertime just make sure I have some of you tomato gravy and homemade biscuits.

“ I remember when nana was short of money and she needed some to buy groceries so I said well Nana what are we going to do she said son were going can hunting she said come with me and then she told me to bring my red wagon and we walked up and down the side of the road and picked up aluminum cans so after we got done we took the wagon full of cans to the house we sat down and one by one we would put the cans down on the sidewalk and smash them we put the ones we had in a trash bag so the next day we took the cans to the scrap yard and we would get about 300\$ out of all the cans that we crushed after we got the money we went to the store got the groceries that we needed and headed back to the house so that's how we got our money to buy groceries.
