“ Dorothy has been a wonderful step mom and grandmother, and a fine example of a fun loving lady to my daughter Naleena. They, Naleena was 5 or 6 at the time, made quite a pair in their Swedish dress's at Swedish functions at the Harmoni Lodge in Portland Or. Her marriage to Dad and all the adventures and projects they enjoyed together makes me forever thankful for their meeting and getting married as they worked so well together. I was in the service and overseas, Vietnam, at the time and missed most of their first years together however they always welcomed us as if their Vancouver had always been my home. Thats a quality that doesn't often happen in second marriages and one that I probably didn't fully appreciate at the time. I must say that in later years I have come to look back and be thankful for all the times we had together in Vancouver and here in the Seabeck Wa. area. One time when they were up to visit us, on a snowy Thanksgiving, our power went out for 12 or more hours as it snowed and snowed. Now this could have been kinda tough in a small poorly insulated mobile home, but everyone made out just fine with no issues. We finished the turkey atop the wood stove and used lamp light to enjoy the evening. I know it wasn't all that comfortable, but Dad and Dorothy made it a fun adventure. Lots of fond memories that I enjoy thinking back on, and many great meals with them in their Vancouver home. I will always appreciate the adventurous lady that Dorothy was, and the love she showed my Dad, daughter, and myself.. If perhaps you meet her in heaven some day, ask her about her insistence on going for a ride on my Harley, at 70 something years of age. Hint; It was a fun ride and she thoroughly enjoyed herself.
