“ *My love and heartfelt sympathies go out to all of my family, for I love you all, and will so miss Aunt Dot. I had the most wonderful conversation with her, soon before Christmas - I shall always treasure it. I certainly hope she and my beautiful Mother had a beautiful reunion, in heaven.*

“ *I have so many fond memories of Dot and the times she spent with me and Marie over the years. Dot loved to talk about sports with me. She kept up to date on all the Philadelphia teams. She was faithful in maintaining contact with me on the phone after Marie's passing. I will miss her immensely. God Bless you Dot. To all the family, I hope good memories will help comfort you during this difficult time. Love, Pete*

“ Mom, it was a pleasure having you as a mother. I loved our trip to England; we had so much fun laughing like two high school friends. I'm so glad you moved to Florida because it gave us the change to really talk & understand each other. Yes, we argued sometimes, but the bottom line was we loved each other so much. I will miss all our crazy talks and our gambling trips. I know you are with Daddy, Shawn & your mother. For this I am happy for you, but I will miss you terribly. Give everyone up there a big kiss from me. Someday we will be together.

“ Dear Dot: I have never met you but have often heard of you. I am glad you are safe in Our Father's Arms in Heaven and are not suffering from your illness. I wanted to let you know you had to be an awesome Mom in order to raise a daughter, like Carol. She is my friend and I truly value her. Thank you for instilling in her the integrity, love and high esteem she has for people. I loved seeing the fact you loved playing PacMan. Obviously you learned it to enjoy time with your children and grandchildren. May you rest in peace! To the Stack Family: I am sincerely sorry for your loss. May you find comfort, strength and peace from friends and other family members while you reflect through the great memories you have shared with her. With Sincerest Sympathy- Cynthia L. Greenly

“ Mom Mom, I am so very fortunate of the wonderful relationship we shared, ever since I was a baby. I cherish our times in Philly, eating steak and baked potatoes, playing video games and watching Golden Girls...all the way thru our pen pal'ing when I was in college to my wonderful trips to Florida. I loved hearing all your stories and it made me laugh to hear you 'pretend' yell at your children in Spanish. I have such fond memories and I treasure them all! I love you and miss you Mom Mom, say hello to all our other loved ones up there for me!

“ Mom.....it took me a while to write something because it still hurts a lot. I love you and miss you immensely. I know how hard it was for you to leave the home you made for Dad, Carol and me in Philly when you moved to Florida. But the time you were able to spend with Carol and the friends you made there were precious to you and I thank you for telling me this during your last weeks with us. Your love of sports, especially baseball, influenced me tremendously. I'll never forget talking to you on the telephone right after the Phillies won the World Series in '08. I could hear that you were as giddy and childish as I was even though it was hard to hear you with all of the crowd noise. Some of my favorite memories are ones that involved your speaking Spanish whether it was getting mad directly at me as a child or adult or simply telling a story of yours where Spanish was involved like the one you shared with the entire family one Thanksgiving many years ago. I think everyone had tears of joy laughing at the story. You were a good story teller. Thank you for providing the security, foundation and guidance that every child should expect from their parents. You and Dad made my life possible and I love both of you for it. Give Dad and everyone a big hug for me.

“ *My dear Dot, you are that to me - dear. We did not grow up in the same house together but we did spend the past forty years intentionally becoming sisters as well as friends. I treasure our relationship. You have moved from the love of your family and friends here in this life and moved into the love of your God, family and friends in everlasting life; I am happy for you. I miss you dearly. In love & gratitude for you, Elaine*
