

Dr. James F. Coy

May 8, 1948 - February 21, 2019

Dr. Jim Coy was born in Murphy, North Carolina May 8, 1948 to parents Dr. Francis M. Coy, and Dorothy E. Coy and died in Fruitland Park, Florida Feb 21, 2019. As a graduate of the University of Florida Dr. Coy was proud to be a "Gator". His medical training took him to Cebu City in the Philippines with plentiful training in general medicine and surgery, nutrition and tropical diseases. He completed post-graduate medical training at the Kansas University Medical Center in Kansas City before starting his first six years of medical practice in Marysville, Kansas where he acquired intense experience in obstetrics, gynecology, pediatrics, general surgery, emergency and family medicine. He was a Company Surgeon for the Union Pacific Railroad, the industrial physician for several local companies and served as the County Coroner. In 1985 Dr. Coy came home to Central Florida and worked in Emergency Medicine and as a hospital physician, spent most of his time in the medical intensive care unit. At the same time Dr. Coy began a multi-year stint in the walk-in clinic business. He was always urged to hurry through his exams by his nursing staff because other patients would be waiting. Dr. Coy found it easy to speed efficiently through acute care cases, yet agreed the patient's deserved a better explanation to their reoccurring symptoms. Dr. Coy's father introduced him to Chelation Therapy, while Dr. Coy had already been introduced to Environmental Medicine and Allergy therapies not used by conventional physicians. It was at that time over twenty years ago that Dr. Coy began to add to his training with non-traditional medicine. "God has created us

in a wonderful and special way and has revealed to us wonderful things at our disposal that we may use to not only live in good health, but to restore our bodies and minds, and spirits, and find joy in Him forever," was Dr. Coy's belief. The greatest service Dr. Coy offered was to help patients to restore their health to the healthiest they can be. He believed, "People don't retire and move to Florida to die." They move here to live the remainder of their lives to the fullest!" Dr. Coy was preceded in death by his father, Dr. Francis Coy, mother, Dorothy E. Coy, sister Peggy Coy Wallace and brother Joseph Coy. He is survived by sons; Matthew Coy, Dr. Joshua (Tarryn) Coy, Arthur (Katherine) Coy, Aaron (Wendi) Coy, and daughters; Lydia Coy and Lorana Coy; and grandchildren; Autumn Skye; Ethan, Analeigh, and Noelle; Maddux and Kurt. His life will be celebrated with a memorial service on Saturday, March 2, at 12:30 at Beyers Funeral Home 1123 W Main St, Leesburg FL 34748 followed by a reception at Sunlife Health Restoration.

“ Jim was a childhood friend. He and his sister, Peggy attended Cathedral School where I met them both. Jim was mischievous and teased Peggy and me because we were teens. He was so good to his sister, Peggy after their mama passed. I miss him and his sister. They are free at last in the arms of Jesus.

“ Dr. Coy was my personal physician for 10 years. He saw me at worst and rise to the best I have ever been. He was always had encouraging and kind words. I did not get to see him this past year as I was very busy in graduate school, that I did get to have his congratulations and blessings prior to starting. I looked forward to possibly having him be a preceptor because I thought he would've been an amazing physician to get to learn from. I am extremely saddened and shocked at his passing and will miss him dearly.

“ Jim and my dad were first cousins, and even though they grew up several states apart they were close. They spent many summers together and made lifelong memories. From the time I was small, I recognized what a special man Jim was.

It's difficult for me to accept that he's gone. He had so many gifts, and one of those was an ability to make one feel extraordinary in his eyes. He'll always be special to me, and I feel fortunate to have known him.

My heartfelt condolences to his family and to all who knew and loved him . . .

“ Dr. Coy was the most compassionate doctor I've had the pleasure of knowing. I met him over 10 years ago. He is the only doctor I would actually track down to continue in his care. He was the only doctor I ever met that actually lived up to the hippocratic oath. The world has lost a truly great man. My deepest condolences to everyone that loved him.

“ It is so sad for the people who knew Dr. Coy to hear that he has left us. I only saw him five or six times before he changed locations, but in that time he helped me so much diagnosing what traditional doctors missed or were unable to treat. Dr. Coy listened, answered all my questions, and tremendously improved my health. I will forever be grateful to him. He was the epitome of kindness. My prayers are for the family now as Dr, Coy has surely found his joy in Him forever! Pat Strauss

“ First met Dr. Coy back in the early 90's while my mother, Ann "Cookie" Brown worked with him as his head nurse in his practice here in Tavares. He was like family then & I became a patient of his after he returned to the area & opened up his current practice. He has been the best Doctor I've seen & truly cared & was helping me get to the bottom of all of my issues, as there are many. He is already missed & lived by so many. All of my love, thoughts & prayers to all of his family & co-workers in this difficult time. 🥺

“ I was a patient of Dr. Jim Coy in Punta Gorda, FL. Dr. Coy was not only my doctor while in Punta Gorda, but a friend. He was always willing to answer questions no matter how busy he was even after he relocated. He was always willing to shed light on a topic and share his insight. I would go to his office in Punta Gorda on my lunch and have a treatment done, his nurse Donna was the best at IV's you never felt it. He will be truly missed, my thoughts, prayers, love and light are with his family and friends. Again, he will truly be missed. Sincerely, Claire A. DiMauro

“ Dr Coy delivered our last daughter while in Marysville. My husband, Lowell Hamilton, worked as a lab tech in Dr Coy's Marysville office. Dr Coy was very well liked while in Marysville and was sadly missed when he moved to Florida. He asked Lowell to relocate but we are Kansas people and preferred to stay Kansas people. While reading the comment about the nurses trying to hurry him along when seeing patients, Lowell laughed and said that was so true. He indeed did feel that the patients deserved his undivided attention. Lowell was also a recipient of his chelation therapy and it works! Our only regret, he wanted us to come visit him and we never took the time. I guess we think there will always be time but in this case, it wasn't true. He will be greatly missed.

“ *I was shocked to hear of Jim's passing. I worked for him for almost 10 years and always admired and respected him as a doctor. He was so kind and compassionate and never too busy to take the time with his patients that they so desperately needed. He was always willing to help someone and his patients loved him. He was always patient and had a smile for everyone. It was great working for him. He will be missed by many people.*

“ *A Public Education Pal here in Orlando, Jim was ALWAYS one of the good guys. We loved getting reacquainted at various class reunions and sharing his "life lesson" poems via social media. He was a good friend and will be missed.*
