“ As a young man in my 20's I was introduced to Dr. Markland after injuring my neck playing sports. Dr. Markland not only helped me recover from my injury, but his guidance changed my life forever. I was basically without direction or purpose and he encouraged me to pursue my degree in Chiropractic. Over 30 years later I credit Dr. Markland for setting me on a path that has allowed me to help thousands of patients enjoy healthier happier lives while providing a good life for my family. Dr. Markland was a great man and I hope he knew what a positive influence he was for so many people.
