Tribute Wall

“ Dear Francis,

I frequently think of Eydie and you with fond memories. Although it has been more than 13 years it seems like yesterday that we were young and carefree in high school. My most recent memory of you both was at our 50 th class reunion in St. Marys.

Eydie was such a vibrant and warm person she left an impression upon me that I will never forget. Another memory was of her when she was a child with long braids as my Girl Scout friend and one day she just showed up with her braids cut off. Some things you just don't forget.

I don't know if you will even read this so many years after but I want you to know what a special person she was to me and I hope with all of my heart that you are still healthy and happy.

*With love and prayers,
